Facebook Code of Conduct

Our Facebook Page Intent

Our intent is to grow our school and communities understanding of using social media and to make connecting with our school more convenient. We wish our content to be more accessible and to also tap into the knowledge base of our parent community. Our school’s Facebook Page allows our community to keep up to date with activities through a medium preferred by many. The page will allow us to seek your input on issues and to also make us aware of areas where we can improve. But overwhelmingly, our Facebook Page is a place where we build community by building school spirit. We ask that our community accentuate the positives and bring to everyone’s attention the little things that make our school community great.

Our Code of Conduct

Using Real Names

All users interacting with the Cardinia Primary School Facebook Page, by either liking or commenting on posts must do so using a Facebook account that clearly identifies them by their real name.

Raising Issues and not Including Names

Cardinia Primary School is happy to be alerted to issues via the Facebook Page but does wish to remind the community that some things are best dealt with privately. The kind of issues that can be raised should be centred around school improvements, generally on infrastructure or processes. Issues involving any of the students or staff must not be raised in the Facebook Page. When issues are raised we are happy to see people support the issue via a facebook comment or a ‘like’. We will however not support interactions that incite or fuel overly negative sentiments. We also ask that you do not use the names of our teaching and administration staff, students or any other member of the community in any issues based postings.

When can I use Names in Posts?

You can use names in posts when you wish to acknowledge someone’s great work or community contribution. We wish our Facebook Page to be used to build spirit; patting someone on the back publicly goes a long way to building the school we all want.

Underage Facebook Users

Cardinia Primary School does not endorse children under the 13 year old threshold imposed by Facebook creating their own Facebook account. We believe our communities conduct on our Facebook Page will serve as role modelling for our students as to how to behave in social media spaces.

Friending Staff on Facebook

Our staff operate under a code of conduct that states that they are to maintain a professional relationship with students and parents and refrain from social interaction. Please do not seek to Facebook friend our staff.

Moderation and Blocklisting

Cardinia Primary School reserves the right to set the strength level of the Facebook profanity filter and to add additional words and names to the page’s blocklist. Any posts or comments which the Moderators of the Facebook Page feel are inappropriate will be removed.

Actions Resulting from any Breaches of the Code of Conduct

Cardinia Primary School reserves the right to ban any user from interacting with its Facebook Group for breaches of the Code of Conduct.

The Law and Facebook’s Terms

Cardinia Primary School’s Facebook Group operates under the commonwealth Telecommunications Act and Facebook’s Terms.
