School Camp
Please remember that final payments or arrangements for final payment of this year’s School Camp must be made by this Friday at the very latest. Virginia has made courtesy phone calls to families on Tuesday reminding them that the school hadn’t received the balance for this year’s camp. Unfortunately if we don’t receive these payments, then these students won’t be able to participate in this activity. If there is any difficulty in meeting this deadline please don’t hesitate to contact Allan, so that a payment program or alternative arrangements can be made.

**Electronic devices** such as Ipads and Ipods need to be used responsibly by students when travelling to and from camp and will be collected at camp by staff, and students will be able to access them during “quiet times” but under no circumstances will they be allowed in the dorms/cabins. Mobile phones are **not permitted** on camp. Children can bring a camera to capture their favourite moments on camp. The school will take no responsibility for any lost or broken devices, so students need to accept full responsibility and care, if they decide to bring these along. The School will be taking along a set of Ipads for student use at various times.

PLEASE take care at all times in the Car Park areas. Caution and alertness needs to be uppermost in everyone’s minds when in these areas.

It is very important that if any parent or friend of the school has any concerns, queries or problems regarding any aspect of the school to bring it to the attention of your child’s teacher or Allan straight away. Under no circumstance should parents/guardians approach other students in the school grounds.

It is important that children arrive punctually at school, 5-10 minutes before bell time in the mornings so that their day can commence on time and in a casual manner. - Students do not need any spending money.
- Please refer to the clothing list provided for what students need to bring. Students need to have their shoulders covered at all times, so no singlets please. Make sure everything is labelled.

- Aerosols are not allowed at all. Roll on deodorant/insect repellent only please.
- HATS! HATS! HATS! All students need a Sun Smart hat for camp to wear every day. School hats are fine! Also for our beach day a t-shirt or a rash vest is recommended.

This will be the LAST ORDER before Christmas so a great opportunity to buy some books for presents.

**Ever wanted to be a Barista??**

Now is your chance! This Thursday at the School's Market Night, the School will be manning the Coffee and Food stall. If you can help for an hour or two on the night, please see Donna Eager or the ladies in the office.

If you can’t help on the night, but would still like to contribute, we will be looking for people to do some baking of the goodies we will be selling. Examples of what will be needed are cupcakes, slices, sausage rolls, mini quiches etc. If you would like to help please contact Donna Eager (5998 8070 or 0438 401 906) or see the ladies at the office.

**NOODLES ETC for LUNCH**

There are normally a number of students who bring instant noodles to school for lunch. A staff member is available to “cook” these lunches. We are prepared to add boiling water to noodles till they are cooked and return them to the student, without the water. Could you please put your child’s name on their containers (foam cups etc.) and provide a utensil as it can prevent any confusion? For catering purposes only the noodles in a cup can be cooked **NOT** the Macaroni and Cheese Noodles that come in a plastic sachet packet or cup.

**IT’S A GIRL!**

Congratulations to the Collins Family who have a brand new addition to their family. Baby Lacey Rose was born almost 4 weeks ago and both Lacey and Mum are doing well.
Mobile devices have made the taking and sharing of images so easy that people sometimes don’t think about the consequences of their actions.

What’s the issue?

Mobile devices have made the taking and sharing of images so quick and easy that people sometimes don’t think about the consequences of their actions.

Why does it matter?

- Even your closest friends can sometimes ask you to do things that you might not be comfortable with. If things go wrong it can wreck your relationship.
- There are laws about what sort of material can be sent electronically, you can break these laws without even knowing.
- People’s sense of what’s ‘ok’ can be different even when you agree on lots of other things.
- Close relationships are based on trust.

Advice

Use your best instincts

- Developing a personal ‘compass’ that helps you to make decisions is important. When you let other people persuade you to go against your instincts it might not be the best thing for you.

Have ‘real’ friends and be a ‘real’ friend yourself

- Your have no automatic right to take images of other people without their consent. If you do capture that hilarious moment, asking the person’s permission before you share it with others is a good way to show that you care about their feelings and opinions.
- If someone does something you are unhappy about, don’t get into blaming them but explain your feelings calmly so that they can understand you better. They may be sorry for what they have done, or they may feel that you are overreacting—if they really care about you they will still listen and try not to hurt you again.

Get help to learn more

- Get your teacher to work with your class about what the laws say about sending stuff electronically.
- Brain science tells us that the emotional part of our brains fire up much more quickly than the thinking parts of our brains (that’s why we sometimes act before we think). There are great exercises you can do to help get the thinking part to kick in, find out what they are!
